STUDENT & WEB DEVELOPER

I am a dedicated B.Tech student at SRMIST,Ramapuram with a strong passion for web development. My academic journey has provided me with a solid foundation in computer science and programming, and I am eager to apply my skills in creating dynamic, user-friendly websites. I am constantly learning and exploring new technologies to stay ahead in the ever-evolving field of web development, and I am driven by the desire to create innovative digital solutions.

KEY SKILLS

HTML/CSS
JavaScript

Problem Solving Skills
Time Management

UX/UI (Figma)
Communication Skills

PROJECTS

LANDING PAGE

Technology used:HTML,CSS

User Interface Design: Crafted a visually appealing and intuitive interface that highlights the restaurant's menu, special offers, and delivery options.

Interactive Elements: Implemented interactive features such as a real-time order summary, animated menus, and user feedback forms.

EDUCATIONAL SITE

Technology Used: HTML,CSS

Navigation: Created a user-friendly navigation system with a clean and organized interface for easy access to course details.

Visual Design: Utilized CSS to enhance the visual appeal of the site, incorporating color schemes, typography, and layout techniques that align with the educational brand

FLASHCARDS

Technology used:HTML,CSS

Quiz Functionality: Implemented a quiz feature where users can answer questions and receive instant feedback, enhancing the learning experience.
